Voice for Life Tour 2024 will focus on the unborn, with the goal of defeating Amendment 4 in the upcoming election—the most pressing threat currently facing the unborn and their mothers in Florida. Each event will introduce a critical activation plan and present strategies for the participation of churches. While networking with leaders in your region from ministries and churches, communities and the marketplace, you will receive updates on two resources for you: **Florida Family Voice** (formerly Florida Family Policy Council), an advocate for public policies which benefit the family, and **Church Ambassador Network**, the pastoral engagement division of FFV, which provides meaningful ministry connections with our elected civic officials.

A powerful event for ministry leaders, civic influencers, and pro-life advocates.

This November, Amendment 4 will appear on the ballot, creating the most serious threat concerning the life and health of both babies and mothers in the free state of Florida. It would radically deregulate abortion procedures and ban all restrictions on abortions, leaving vulnerable babies and mothers totally unprotected. **We can stop it from being added to the state constitution. Come to an event near you to find out how.**

Amendment 4 was deceptively written and funded by

millions of dollars from out-of-state radical pro-abortion organizations. Amendment 4 essentially gives abortion clinics free rein to approve abortions until the moment of birth, and makes abortion the only medical procedure a minor can undergo without a parent's consent. At Florida Family Voice, we are excited to work with a coalition of Florida leaders and organizations under the flagship Vote No on 4 Florida PAC to educate Florida voters about this extreme and dangerous amendment—and to defeat this amendment once and for all.
